

THANK YOU

FOR READING TO HELP REFUGEE CHILDREN AROUND THE WORLD

Afika was born in Myanmar

but her family had to leave their home when some dangerous soldiers came to her village. She now lives in a refugee camp in Bangladesh with her family. When a school supported by Children on the Edge, opened close to their shelter Afika's father enrolled her straight away so that she could start learning.

Every page we read and every £100 we raise together can help create a space for a child like Afika to learn for a whole year.

Afika loves school and enjoys reading. She wants to study to become a doctor when she grows up.

THE BIG READ
for **CHILDREN**
