

# THANK YOU

## FOR READING TO HELP REFUGEE CHILDREN AROUND THE WORLD

*Every page we read  
and every £100 we  
raise together can  
help create a space  
for a child like  
Achimida to learn for  
a whole year.*

**Achimida is 11 years old** and had to run away from her home in Myanmar when some dangerous soldiers came to her village. She now lives in a refugee camp in Bangladesh with her family. She thought she wouldn't be able to learn again, but Children on the Edge started a classroom right next door to her shelter.

She has learned reading, writing, and drawing with a very kind teacher and loves to play happily with her friends.
